STOP RAGGING

The resource person Mr.U.K.Shajahan started his speech with an explanation to ragging. The new definition for ragging is : Any act of physical or mental abuse targeted at another student (fresher or otherwise) on the ground of colour, race, religion, caste, ethnicity, gender (including

transgender), sexual orientation, appearance, nationality, regional origins, linguistic identity, place of birth, place of residence or economic background. He informed the gathering about the consequences of ragging which in his opinion would be devastating for both the parties.

Sayana Santhosh, 1st year BBA student proposed the vote of thanks. The programme was attended by about 30 students and 10 faculty members.
